Mike

Thank you for all your prayers, unexpected gifts, cards and flowers Mike and the family have received; they feel much loved. Mike continues to be off to rest, take time to recharge and recover before he can return to his full-time role with us. He has worked very hard but now has learnt that, like all of us, he has limits! Please continue to hold Mike, Jenny and the children in our prayers. We look forward to welcoming him back when he is better and his doctor feels he is ready to do so.

Welly Boot Church- 'Spring'

Welly Boot Church is a simple way of connecting with and encouraging families with younger children (and maybe those with not so young children too!) who we are in touch with as a church. It aims to provide encouragement in faith as a family at this time when things like Sunday Club and Family Group are not possible. The March edition of Welly Boot Church is out now - see below. Thank you Ruth!

South West Youth Ministries- Livestream

We're invited to join South West Youth Ministries this Sunday at 8pm, as they conclude the week of 24/7 Prayer for young people across the South West, with a special prayer & worship live-stream on their Youtube channel [South West Youth Ministries - YouTube](#) and on Facebook Live.

Spring

For as the soil makes the young plant come up
and a garden causes seeds to grow,
so the Sovereign LORD will make righteousness
and praise spring up before all nations. Isaiah 61:11

March 2021

Read: Genesis 1 together. Read how God created the world and vs29-30 how he asks us to look after it.

Do: The days are starting to get longer. It will soon be the spring equinox, the start of spring, where day and night are almost of equal length. It's a great time to go for a walk or into your garden and see what's growing. It's also a great time to do some planting of your own, whatever space you have (even if it's only a pot). Have a think.. what would you like to grow? Flowers, fruit or veggies? Sunflowers are easy to grow and so are lettuce or tomatoes as long as you can start them off on a sunny windowsill. What will your plant need from you to grow? Sunlight for food, water, care?

What about us, what do we need to help us grow? Maybe similar things? As we think about these things, we could think what things we can do to encourage our friends and family as they grow.

Share: Once you've decided what you are going to plant you could plant extra so that you have enough to give a few plants away.
